WALL STREET. THE CLOSING QUOTATIONS

FRIDAY, Feb. 23. Union Pacific's resumption of leadership in active market operations early to-day was surprising in view of the pains taken by insiders to circulate a report that there will be no meion cutting for some time to come. Bankers identified with Union Pacific interests are authority for the statement that no extra distribution of profits, or unusual announcements from Union Pacific headfuture. The directors of this company consider that by increasing the latest semi-annual dividend 1-2 per cent. and putting the common stock on a 6 per ent, basis they did all that their avowal policy of conservatism requires. It is mmon report that the heaviest stockholders of Union Pacific, who are stanch backers of the Harriman administration, wre not in favor of any division of the large treasury surplus just now. Most of the securities representing this surplus are of the gilt-edge type, and they are profitable for the company to hold as investments. At the recent meeting of the Union Pacific directors inquiry was made concerning the prospects of issuing at least a part of the \$100,000.000 of preferred stock authorized by the stockholders, but Mr. Harriman and his chief advisers were not ready to take Louis. up the matter. Should the Union Pa- Mani cific find it necessary to strengthen its system to meet new competition of the St. Paul and the Hill roads, it is pos- M sible that some of the new preferred Nat Nat Nat Nat to both the common and the preferred shareholders,

Although the stock market had a tendency to heaviness throughout the day, there was some spirited buying of Pa Union Pacific by the Harriman following and also by John W. Gates. Reports that the Union Pacific was to obtain control of the Illinois Central commanded little attention on the floor of the exchange. These two properties are now as close together as their mutual traffic interests require.

Some attempt was made to start

traffic interests require.

Some attempt was made to start a raid on Conso.idated Gas shares after the publication of the news from Albany that the price of gas in the Borough of Manhattan was to be 80 cents a 1,000 feet after May 1. This speculative demonstration, however, lacked the cohesion and vigor necessary to make it effective.

In connection with recent movements of the Rock Island and the St. Louis and San Francisco stocks a significant statement is made, apparently by official authority. Existing conditions, it is said, indicate that the earnings of the Rock Island, the Frisco and the Chicago & Eastern Illinois lines will warrant the resumption of dividends much sooner than two or three years. It is well known, however, that the Moore syndicate, which controls the Rock Island system, intend to cling to the policy adopted late last year, to put back into the properties all available surplus earnings after the payment of fixed charges and guaranteed dividends. Inasmuch as the New York banks gained from the interior this week \$2,-55,127, a better bank statement is expected to-morrow than was made last week. The known movements of money last week disclosed a loss in cash of \$5,550,000, but the bank statement showed a loss of only \$3,233,000. It is expected that the difference of \$2,517,000 will appear in some way in to-morrow's statement.

The downtown bankers had no definite The downtown bankers had no definite information regarding the alleged suspension of gold payments by the Russian banks, but no surprise was expressed that such a condition of affairs should have developed. A brief cablegram from London early in the day announced that paper money was being issued in lieu of gold rubles. New York bankers construe this as meaning that the object of the suspension of specie payments by the Russian banks is to-reserve the supplies of gold in Russia to meet the Government's foreign obligations. The consensus of opinion in Wall Street is that the suspension of specie payments temporarily by the Russian banks is not a particularly serious matter, so far as the outside world is concerned.

11.775 AT MUSEUM.

That all New Yorkers did not confine their holiday making yesterday to din ing and theatre going is evidenced by the fact that there were 11,775 visitors to the Metropolitan Museum of Art. This number is unprecedented, and is explained by the fact that admission was free, as it is on all holidays.

USHROOMS are delightfully palatable and healthful, yet some species of Toadstools so closely resemble the toothsome Mushroom as to make it dangerous to experiment with uncertainties. And so it is with Castoria and its imitations. Keep the Castoria that bears the signature of Chas. H. Fletcher ever in your mind's eye as the Mushroom. And be as particular to remember the counterfeits, substitutes and "just as good" kind as the Toadstools. There may be a resemblance in the package, but the results obtained are so widely different as to make the signature of Chas. H. Fletcher the important feature when buying Castoria.

Why should not our preparation be superior to all other children's remedies? Have not eminent physicians from the Atlantic to the Pacific testified to its perfection? Castoria that bears the signature of Chas. H. Fletcher is the acme of chemical art as applied to a child's

Thousands of People Need New SHOES

Here They Are==Good and Right, and Cheap

When the rough, wet Spring weather begins, everybody knows that feet MUST be protected; or the doctor is going to be needed. To meet this expected demand, we have preiously held a great Annual Shoe Sale in late January or early February. This year our shoe experts have ransacked the market thoroughly, and found no bargains to equal the various Wanamaker Specials, which come to us periodically, away below regular shoe values.

"Bargain Shoes" there are in abundance. "Factory rejects" have come to be so popular, that they are being made to order for stores that want them. We've been offered lots of them -made up from leathers condemned before being cut. Such goods NEVER GET INTO

But we have ready a stirring array of Shoe Offerings today. We have taken the splendid groups listed below, from our fine regular stocks—shoes that are above adverse criticism in ever detail; but in broken lots and lines that are to be discontinued. Not enough to meet a tenth of the demands that will probably be made for such sterling Shoe offerings, but large and positive ecomomies for the people who get here first to secure them. Those who need

Men's \$3 Shoes at \$1.90 a Pair This is a collection of 629 pairs of fine Patent Leather, Calf and Kidskin Shoes in a variety of toe- line. Also a let of Oxford Shoes that were \$2.50 and shapes. All sizes and widths are included in the col- \$3. They are odd pairs and some that show the rubs lection, but the shoes of the higher values are in the of handling, in quite a variety of different sorts. narrow widths. They are very remarkable shoes to Girls' Shoes at \$1, \$1.20 & \$1.40 a Pair buy for \$1.90 a pair.

Boys' Shoes and Oxfords \$1.50 a Pair Sturdy Calfskin Lace Shoes from our regular \$2

These are shoes that originally sold for \$1.75 to Women's \$4 & \$5 Shoes at \$1.50 a Pair \$3. But they represent incomplete lines, and are This collection is composed of lines that are not mostly narrow widths. All are made from the very to be reordered. All sizes are in the lot, in AA and A best materials, with oak-tanned soles welted and widths, with smaller quantities in the broader widths, stitched. Sizes from 7 to 101/2, \$1; sizes 11 to 2, \$1.20: The lot also includes some very fine Oxford Shoes sizes 21/2 to 4, \$1.40 a pair. It is well worth while to that will answer for housewear. All at \$1.50 a pair. bring the children to try them on.

4500 Pairs of Men's Shoes at \$2.20, worth \$3

This is the balance of a very large special purchase of Men's Shoes, contracted for months ago with one of the largest shoe manufacturers in the country. They were secured under special conditions which enable us to sell them at just about what they would cost us at wholesale today. The collection is complete in all the different sizes in D and E widths, which are most wanted. The shoes are perfect. The lines include box calfskin, kidskin and patent leathers. The shoes have welted and stitched soles. They represent qualities regularly sold at \$3 a pair. These are \$2.20, and we match them against the biggest bargains that can be offered anywhere at that price, no matter what valuation may be quoted in connection with the price.

More Than Three Thousand Pairs of Women's Shoes At \$1.90, worth \$2.50

This is a splendid collection of well-made Shoes for Women, and the lot includes a dozen different varieties in all sizes and widths, including the narrow letters. They are in kidskin and patent leather in the most popular styles. A splendid collection of shoes to select from Men's and Roys' Shoes in the Basement, Minth street, Women's and Girls' Shoes, Main floor, Fourth avenue.
